The Class B Membership shall cease and be converted to Class A Membership on the date which is three (3) months following the date that ninety percent (90%) of the Lots have been conveyed to Owners other than the Developer.

ARTICLE V **COMMON AREA RIGHTS**

Section 5.1 **Conveyance of Common Area.** At such time as the Developer shall determine in its sole discretion, all of the Common Area owned by the Developer shall be conveyed or assigned to the Association, and the Association shall accept such conveyance or assignment.

The prior sentence notwithstanding, in the event such withdrawal of Common Area shall materially and adversely affect any Lot, or materially and adversely affect access, visibility, or drainage to or from any Lot, the Developer shall not have the right to withdraw such Common Area without the consent and joinder of the Owner of the Lot which is so affected. Addition of land to and withdrawal of land from the Common Area shall be evidenced by recording a Supplementary Declaration in the public records of St. Johns County, Florida, which shall specifically reference such addition or withdrawal. Withdrawal of land from the Common Area by the Developer shall terminate any and all easements and rights of use of the Owners in such land. No land owned by the Developer shall be deemed to be Common Area unless such land is expressly referenced as such under Section 2.6 hereof, or subsequently designated as such by the Developer pursuant to Section 2.6 hereof and this Section 5.3, even if the Developer consents or acquiesces to the use of such land by the Owners. In the event any land, easements, use rights, or personal property owned by the Association shall be withdrawn from the Common Area pursuant to this Section 5.3, upon the Developer's written request, the Association shall promptly execute and deliver to the Developer any and all deeds, bills of sale, assignments or other conveyance documents as may be necessary or appropriate to effectuate the withdrawal of such Common Area.

Section 5.4 **Maintenance of Common Area.** The Association shall at all times maintain in good repair and manage, operate and insure, and shall replace as often as necessary, the Common Areas and the road surfaces, landscaping, improvements and other structures (except utilities owned and maintained by public or private utility companies providing electrical, fire protection, cable television, telephone, or similar utilities to the Property, or any portion thereof) situated on the Common Areas, if any. The Association shall be responsible for the maintenance, operation and repair of the Surface Water or Stormwater Management System. Maintenance of the Surface Water or Stormwater Management System shall mean the exercise of practices which allow the systems to provide drainage, water storage, conveyance or other surface water or stormwater management capabilities as permitted by the St. Johns River Water Management District. Any repair or reconstruction of the Surface Water or Stormwater Management System shall be as permitted, or if modified, as approved by the St. Johns River Water Management District. All maintenance obligations of the Association shall be performed as ordered by the Board of Directors of the Association, and all or any portion of the cost of such maintenance incurred by the Association pursuant to this Section 5.4, shall be a common expense of the Association to be collected and paid in the manner prescribed by this Declaration. All maintenance obligations of the Association shall be performed as ordered by the Board of Directors of the Association, and all or any portion of the cost of such maintenance incurred by the Association pursuant to this Section 5.4, shall be a common expense of the Association to be collected and paid in the manner prescribed by this Declaration.

Section 5.5 **Easement for Maintenance Purposes.** The Developer hereby grants to the Association and its successors, assigns, agents, and contractors, a non-exclusive perpetual easement in, on, over and upon those portions of the Property as may be reasonably necessary for the purpose of maintaining the Common Area, or other portions of Property to be maintained by Association, in accordance with the requirements of this Declaration. The easement granted hereby shall not be exercised by any party in a manner which unreasonably interferes with the use, occupancy, or enjoyment of any improved portion of the Property. Further, in the event that any portion of the Property shall be damaged or altered in any way as the result of the exercise of the easement rights granted hereby, such portions of the Property shall be immediately restored to the condition that existed immediately prior to such damage or alteration.

ARTICLE VI **ARCHITECTURAL CONTROL**

Section 6.1 **Preservation of Beauty.** In order to preserve the beauty and aesthetic design of the Property and to promote the value of its Development, the Property is hereby made subject to the following restrictions in this Article VI, and every Lot Owner agrees to be bound hereby.

Section 6.2 **Architectural Review Committees.** Construction of improvements on the Property shall be approved and supervised by one of two architectural review boards:

(a) The New Construction Committee ("NCC") is charged with the review of all plans for the initial construction of improvements upon a Lot. The NCC shall be appointed by Developer. The NCC shall review and approve all such initial construction, whether performed by Developer, a builder to whom Developer has conveyed one or more Lots, or an Owner.

(b) The Modifications Committee ("MC") is charged with the review of all plans for any addition, removal, change or modification of the improvements upon a Lot. The MC shall be appointed by Developer.

(c) The NCC shall review and approve all initial construction of improvements and their appurtenances from the start of construction (the foregoing is hereinafter referred to as "New Construction"). Thereafter, any modifications to the New Construction, including, without limitation, the construction of any building, barn, or shed, and installation or change to the exterior of any building, fence, wall, sign, paving, grading, parking and building addition, screen enclosure, sewer, drain, well enclosure, irrigation system, landscaping modification, solar energy system, satellite dish, disposal system, landscaping or landscaping device or object, exterior lighting scheme, fountain, swimming pool, Jacuzzi, awning, shelter and gates (hereinafter jointly referred to as "Proposed Modification") shall be reviewed and approved by the MC.

Section 6.3 **Powers and Duties of the NCC and MC.** The NCC and MC shall have the following powers and duties:

(a) To promulgate Architectural Guidelines. In addition to the basic criteria hereinafter set forth, the NCC and MC may promulgate such amendments or modifications thereto as each deems reasonable and appropriate, provided, however, such modifications or amendments shall be consistent with the provisions of this Declaration. Upon adoption of a modification or amendment to the Architectural Guidelines by the NCC in the case of New Construction or by the MC in the case of Proposed Modifications, copies of such changes shall be delivered to Owners; provided, however, receipt of the modification or amendment to the criteria shall not be a condition precedent to the effectiveness or validity of such change.

(b) To require submission to each respective committee as is appropriate, two (2) sets of plans and specifications and to the extent that MC or NCC deems it necessary or appropriate, samples of building materials, colors or such other descriptive information as it specifies.

(c) To approve or disapprove New Construction or Proposed Modifications, respectively. The determination of the NCC, with regard to New Construction, and the MC, with regard to a Proposed Modification, shall be binding upon all Owners.

(d) Each committee shall evaluate the application for the total effect thereof. This evaluation relates to matters of judgment and taste which cannot be reduced to a simple list of measurable criteria. It is possible that New Construction or Proposed Modification might meet the general requirements delineated in Article VI hereof and still not receive approval, if in the sole discretion of the NCC or MC, its overall aesthetic impact is unacceptable. The approval of an application for New Construction or Proposed Modification shall not be construed as creating an obligation on the part of the NCC or MC to approve applications involving similar designs pertaining to different Lots.

(e) If any New Construction or Proposed Modifications shall be changed, modified or altered without prior approval of the applicable committee of such change, modification or alteration, and the plans and specifications therefor, if any, then the Owner shall, upon demand, cause the New Construction or Proposed Modifications to be reconstructed or restored to comply with the original plans and specifications, or the plans and specifications originally approved by the applicable committee, and shall bear all costs and expenses of such restoration, including costs and reasonable attorneys' fees of the applicable committee.

(f) Any Owner making, or causing to be made, New Construction or Proposed Modifications agrees and shall be deemed to have agreed, for such Owner and his heirs, personal representatives, successors and assigns to hold the NCC, MC, Association, Developer and all other Owners harmless from any liability, damage to the Property and from expenses arising from the construction and installation of any New Construction or Proposed Modifications and such Owner shall be solely responsible for the maintenance, repair and insurance of any alteration, modification or change and for assuring that the New Construction or Proposed Modifications meet with all applicable governmental approvals, rules and regulations.

(g) The NCC and MC are hereby authorized to make such charges as they deem necessary to cover the cost of review of the plans and specifications.

Section 6.4 **Procedure for Approval of Plans.** The NCC or MC shall approve or disapprove the preliminary and final applications for New Construction or Proposed Modifications within thirty (30) days after each has been submitted to it in proper form together with all supporting information. If the plans are not approved within such period, they shall be deemed approved, however, no plan which is not in compliance with the specific provisions of this Declaration shall be deemed approved.

Section 6.5 **Limitation of Liability.** Developer, Developer's Affiliates, the Association, its officers, the Board, the NCC, the MC, the Association's management agent, any committee, or any member of any of the foregoing shall not be held liable for the approval of, disapproval of, or failure to approve or disapprove any plans; soil conditions, drainage, or other general site work; any loss or damage arising out of the action, inaction, integrity, financial condition, or quality of work of any contractor or its subcontractors, employees, or agents, whether or not Developer has approved or featured such contractor as a builder in the Subdivision; or any injury, damages, or loss arising out of the manner or quality or other circumstances of approved construction on or modifications to any Lot.

ARTICLE VII **COVENANTS FOR MAINTENANCE ASSESSMENTS**

Section 7.1 **Creation of the Lien and Personal Obligation of Assessments.** Each Owner of a Lot within the Property hereby covenants, and by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance, including any purchaser at a judicial sale, shall hereafter be deemed to covenant and agree to pay to the Association any annual assessments or special assessments established and collected as hereinafter provided. All such assessments, together with interest thereon from the due date at the highest lawful rate and costs of collection thereof (including reasonable attorneys' fees), shall be a charge and continuing lien upon each Lot against which each such assessment is made, and shall also be the personal obligation of each Owner. No Owner may avoid liability for the assessments by waiver of rights to use, or by non-use of, the Common Areas or by abandonment.

Section 7.2 **Purpose of Assessments.**

7.2.1 The annual assessments levied by the Association shall be used for the purposes of management and accounting fees, taxes, insurance, and utility charges relating to the Common Area, to fund the obligations of the Association set forth in Section 5.4 hereof, and for all other purposes reasonably contemplated by this Declaration, the Articles or the Bylaws. Further, such annual assessments may be levied to fund reasonable reserves for deferred maintenance of, or non-recurring expenses related to, the Common Area.

7.2.2 The Board of Directors may levy special assessments for any purpose relating to permissible or required activities of the Association pursuant to this Declaration, the Articles, or the Bylaws. Any funds collected pursuant to such a special assessment shall be used solely for the purpose or purposes identified by the Board of Directors at the time such special assessment is levied.

Section 7.3 **Calculation and Collection of Assessments.** Annual assessments shall be established by the Board of Directors based upon an annual budget. Each Owner's pro rata share of the total annual assessment or any special assessment shall be based upon the following calculations:

(a) All Lot Owners shall pay an equal share of annual and special assessments which shall be established at a uniform rate per Lot.

(b) The assessment obligations of each Owner other than the Developer shall commence upon the recordation of this Declaration in the current public records of St. Johns County, Florida. Annual assessments shall be collectable in advance on a periodic basis established by the Board of Directors from time to time, which periodic basis shall not be less frequent than semi-annually. Special assessments shall be collectable in the manner established by the Board of Directors at the time such assessments are authorized.

Section 7.4 **Effect of Non-Payment of Assessment: Lien, Personal Obligation, and Remedies of Developer.** The lien of the Association shall be effective from and after recording in the public records of St. Johns County, Florida, a claim of lien stating the description of the Lot encumbered thereby, the name of the Owner, the amount and the due date. Such claim of lien shall include assessments which are due and payable when the claim of lien is recorded as well as assessments which may accrue thereafter, plus interest, costs, attorneys' fees, advances to pay taxes and prior encumbrances and interest thereon, all as herein provided. Upon full payment of all sums secured by such claim of lien, the same shall be satisfied of record, and the affected Owner shall pay the cost of such satisfaction. If the assessment is not paid within fifteen (15) days after the due date, the assessment shall bear interest from the due date at the highest lawful rate, and the Association may at any time thereafter bring an action to enforce the lien authorized hereby by appropriate foreclosure proceedings and/or a suit on the personal obligation against the Owner. In the event the Association shall fail to bring such an action for collection of a delinquent assessment within thirty (30) days following receipt of written notice from any Owner demanding that such proceedings be commenced, such Owner shall be authorized to institute such proceedings. There shall be added to the amount of such delinquent assessment the costs of collection incurred by the Association, or such Owner, which shall specifically include without limitation reasonable attorneys' fees for trial and appeal.

Section 7.5 **Subordination of Lien to Mortgages.** The lien of the assessments provided for by this Declaration shall be subordinate to the lien of any bona fide mortgage which is perfected by recording prior to the recording of the claim of lien for any such unpaid assessments. Such subordination shall apply only to the assessments which have become due and payable prior to a sale or transfer of the affected Lot by deed in lieu of foreclosure, pursuant to a decree of foreclosure, or pursuant to any other proceeding in lieu of foreclosure of such mortgage. No sale or other transfer

shall release any Lot from liability for any assessments thereafter becoming due, nor from the lien of any such subsequent assessments. A written statement of the Association that the lien is subordinate to a mortgage, shall be dispositive of any question of subordination.

Section 7.6 **Developer's Assessments.** During the Development Period (as defined below), the Lots and other portions of the Property owned by the Developer shall not be subject to any annual assessments or special assessments levied by the Association or to any lien for such assessments. During the Development Period, the Developer shall pay the balance of the actual operating expenses of the Association remaining after the levying of and payment of assessments due from Owners other than the Developer pursuant to assessments levied by the Board of Directors pursuant to this Declaration. The Developer shall be obligated to fund such balance only as the expenses are actually incurred by the Association during the Development Period. The Development Period shall begin upon the recordation of this Declaration in the current public records of St. Johns County, Florida and shall continue until the Developer shall be in ownership of less than ten percent (10%) of the Lots, or until such earlier date as the Developer shall determine in its sole discretion. Upon termination of the Development Period, the Developer shall become obligated to pay assessments on Lots owned by it within the Property on the same basis as other Owners. In no event shall the Developer be obligated to pay for operating deficits of the Association after the Developer no longer owns any Lots within the Property.

Section 7.7 **Required Capital Contributions.** Upon the initial conveyance of any Lot by Developer, the grantee of such conveyance shall pay the Association the sum of Three Hundred and No/100 Dollars (\$300.00) ("Capital Contribution"). The Association may use any Capital Contribution for any of the purposes authorized by this Declaration.

ARTICLE VIII **EXTERIOR MAINTENANCE ASSESSMENT**

Section 8.1 **Exterior Maintenance.** The Association may provide maintenance upon any Lot requiring same, when necessary in the sole discretion of the Association's Board of Directors, to preserve the beauty, quality, or value of any or all portions of the Property. If an acceptable signal can only be obtained from a location that is visible from the street, the Association reserves the right to require adequate screening or painting of such aerials, antennae and satellite dishes to minimize visual intrusion, provided that such screening does not interfere with the signal or cause the owner to incur an unreasonable expense. Notwithstanding any provision herein, and to insure the aesthetic quality and protect the value and desirability of the Property, it is suggested and preferred that all aerials, antennae and satellite dishes be placed in the exterior portion of the Lot and be reasonably screened from public view.

Section 10.9 **Lakes.** Only the Developer and the Association shall have the right to pump or otherwise remove any water from the Stormwater System Lakes, for the purpose of irrigation or other use, or to place any refuse therein. Further, all shoreline vegetation of a Stormwater System Lake shall be maintained and controlled by the Lake Parcel Owner pursuant to the requirements of Sections 10.13 and 10.16 hereof. The Association shall deposit each Owner's Tree Payment into an account (the "Tree Fund") until such time as the Tree Fund has reached a balance sufficient to begin planting hardwood trees featuring a diameter of two (2) inches at breast height along each side of the Subdivision Road generally spaced at increments of approximately one-hundred feet (100'). Excluding those trees planted along the Subdivision Road, each Owner is obligated to plant a minimum of ten (10) trees, the trunks of which must be at least two inches (2") in diameter at breast height and any additional trees required by St. Johns County, Florida. During construction upon any Lot, any and all vehicles involved in the construction or delivery of materials and supplies to the site shall enter and exit the site only over the driveway or driveway subsurface and shall not park on any roadway or any Property other than the Lot on which construction is proceeding. ARTICLE XIII CONSERVATION EASEMENTS

Section 13.1 **Conservation Easement Areas.** Pursuant to the provisions of Section 704.06, Florida Statutes, Developer hereby voluntarily grants and conveys to the St. Johns River Water Management District (the "District") a conservation easement in perpetuity over the Conservation Easement Areas (the "Conservation Easement"). Developer fully warrants title to said Conservation Easement Areas, and will warrant and defend the same against the lawful claims of all persons whomsoever. Developer grants this Conservation Easement as a condition of permit number 4-109-104005-1 issued by the District, for the purpose of preventing secondary impacts to wetlands.

Section 13.2 **Purpose.** The purpose of this Conservation Easement is to assure that the Conservation Easement Areas will be retained forever in their existing natural condition and to prevent any use of the Conservation Easement Areas that will impair or interfere with the environmental value of these areas.

Section 13.3 **Prohibited Uses**. Any activity in or use of the Conservation Easement Areas inconsistent with the purpose of this Conservation Easement is prohibited. Without limiting the generality of the foregoing, the following activities and uses are expressly prohibited:

(a) Construction or placing buildings, roads, signs, billboards or other advertising, utilities or other structures on or above the ground.

(b) Dumping or placing soil or other substance or material as landfill or dumping or placing of trash, waste or unsightly or offensive materials.

(c) Removing, destroying or trimming trees, shrubs, or other vegetation.

(d) Excavating, dredging or removing loam, peat, gravel, soil, rock or other material substances in such a manner as to affect the surface.

(e) Surface use, except for purposes that permit the land or water area to remain predominantly in its natural condition.

(f) Activities detrimental to drainage, flood control, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation.

(g) Acts or uses detrimental to such retention of land or water areas.

(h) Acts or uses detrimental to the preservation of the structural integrity or physical appearance of sites or properties of historical, architectural, archaeological, or cultural significance.

Section 13.4 **Responsibilities**. The Developer, its successors and assigns, are responsible for the operation and maintenance of the Conservation Easement Areas. In addition, the Developer, its successors and assigns, are responsible for the periodic removal of trash and other debris which may accumulate in the Conservation Easement Areas.

Section 13.5 **Reserved Rights**. Developer reserves unto itself, and its successors and assigns, all rights accruing from its ownership of the Conservation Easement Areas, including the right to engage in or permit or invite others to engage in all uses of the Conservation Easement Areas, that are not expressly prohibited herein and are not inconsistent with the purpose of this Conservation Easement.

Section 13.6 **Rights of District**. To accomplish the purposes stated herein, the Developer conveys the following rights to the District:

(a) To enter upon and inspect the Conservation Easement Areas in a reasonable manner and at reasonable times to determine if Developer or its successors and assigns are complying with the covenants and prohibitions contained in this Conservation Easement.

(b) To proceed at law or in equity to enforce the provisions of this Conservation Easement and the covenants set forth herein, to prevent the occurrence of any of the prohibited activities set forth herein, and require the restoration of areas or features of the Conservation Easement Areas that may be damaged by any activity inconsistent with this Conservation Easement.

Section 13.7 **District's Discretion.** District may enforce the terms of this Conservation Easement at its discretion, but if Developer breaches any term of this Conservation Easement and District does not exercise its rights under this Conservation Easement, District's forbearance shall not be construed to be a waiver by District of such term, or of any subsequent breach of the same, or any other term of this Conservation Easement, or of any of the District's rights under this Conservation Easement. No delay or omission by the District in the exercise of any right or remedy upon any breach by Developer shall impair such right or remedy or be construed as a waiver. District shall not be obligated to Developer, or to any other person or entity, to enforce the provisions of this Conservation Easement.

Section 13.8 **District's Liability.** Developer will assume all liability for any injury or damage to the person or property of third parties which may occur in the Conservation Easement Areas arising from Developer's ownership of the Conservation Easement Areas. Neither Developer, nor any person or entity claiming by or through Developer, shall hold District liable for any damage or injury to person or personal property which may occur in the Conservation Easement Areas.

Section 13.9 **Acts Beyond Developer's Control.** Nothing contained in this Conservation Easement shall be construed to entitle District to bring any action against Developer for any injury to or change in the Conservation Easement Areas resulting from natural causes beyond Developer's control, including, without limitation, fire, flood, storm and earth movement, or from any necessary action taken by Developer under emergency conditions to prevent, abate or mitigate significant injury to the Conservation Easement Areas or to persons resulting from such causes.

Section 13.10 **Amendment.** The provisions of this Conservation Easement may not be amended without the prior written approval of the District.

Section 13.11 **Successors.** The covenants, terms, conditions and restrictions of this Conservation Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the Conservation Easement Areas.

Directors shall be elected or appointed at the annual meeting of the Association.

4.2 Election of Directors. Directors shall be elected or appointed in the following manner:

(a) Commencing with election of the Board to succeed the first Board as designated in the Articles, Developer shall appoint that number, and the identity, of the members of the Board which it shall be entitled to appoint in accordance with the Articles and these Bylaws, and upon such appointment by Developer, by written instrument presented to the meeting at which such election is held, the persons so appointed by Developer shall be deemed and considered for all purposes Directors of the Association and shall thenceforth hold the offices and perform the duties of such Directors until their successors shall have been elected or appointed, as the case may be, and qualified in accordance with the provisions of these Bylaws.

(b) Commencing with the first annual election of Directors after Developer shall have relinquished the right to appoint the Directors, the Members shall elect all Directors by a plurality of the votes cast at the annual meeting of the general membership.
